

Ten More/Ten Less * One More/One Less SMASH!

To start the game, the player must determine the correct answer.
He then rolls a die and moves that many spaces on the gameboard.

Each player's turn starts with that player determining the answer to the math question.
If the answer is identified correctly, he rolls the die and moves his marker that many spaces.

If the player lands on a SMASH space, he must return to "start." If the player lands on a "BONUS CARD SHORTCUT" space, he is given the opportunity to identify the correct math phrase on a bonus card.

If he states the phrase correctly, the player moves his marker down the shortcut path.

If the player is unable to determine the correct answer, his turn ends and play continues with the next player.
